

# Czech Safer Internet National Center

**General information and activities within ECSM 2013**

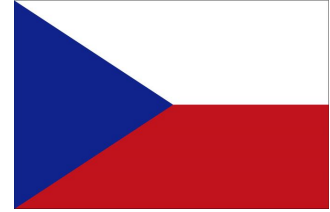

## General objectives:

- Act as Safer Internet Centre in the Czech Republic
- Cooperate with other actions under the SIP

## Action lines:

1. Fighting against illegal content & harmful conduct online
2. Promoting a safer online environment
3. Establishing a knowledge base

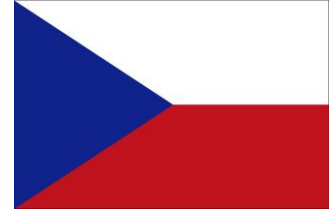

## **CZECH REPUBLIC AS A PILOT COUNTRY IN ECSM 2012**

The Czech Safer Internet Centre (NCBI) joined the ECSM pilot projects initiated by ENISA to stay safe and secure online.

- **Round table on cybersecurity**
  - brought together NGOs engaged in the field of online child protection, Czech Internet hotlines, computer security incident response teams (CSIRTs) and industry stakeholders.
  - under the auspices of Mr Kubice, Minister for the Interior of the Czech Republic, and Mrs Simunkova, the government's Commissioner for Human Rights
  - the Director of CERT-EU, Mr Freddy Dezeure, addressed the attendees of the round table with his speech
  
- **Media and Online Campaign**

# Czech Safer Internet National Center

## Press briefing on ECSM 2013

**Date:** 01 Oct 2013

**Place:** Prague (Café Cerna Labut, Na Porici 25), Czech Republic

Launch of the ECSM 2013 campaign by representatives of **Czech Safer Internet Centre** (ECSM national coordinator).

The representatives of The **National Cyber Security Centre** (National Security Authority of the Czech Republic) and other **Computer Emergency Response Teams** and **Computer Security Incident Response Teams** will introduce the common message of ECSM 2013 “**Online security requires your participation**”.

# Czech Safer Internet National Center

## National conference with a workshop for NGOs operating helplines and hotlines

**Date:** 16 Oct 2013

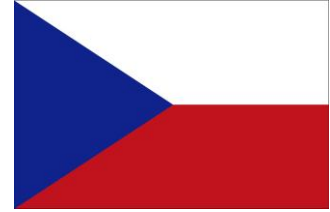

**Place:** Prague Municipality, Marianske sq., Prague, Czech Republic

The conference in Prague Municipality will focus on the most actual threats and criminal cases related to online issues with the analysis of professional speakers showing the concrete possibilities of solution and prevention.

In the afternoon there will be **professional workshop addressing the representatives of NGOs operating helplines and hotlines** to help people to discuss issues dealing with security and protection of critical infrastructure. Among the lecturers of the workshop there will be representatives of The National Cyber Security Centre (Governmental CERT), National CSIRT and others.

# Czech Safer Internet National Center

## Media and Outdoor Campaign

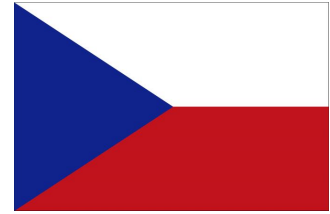

**Date:** 01 Oct 2013 – 31 Oct 2013

**Place:** Vysočina Region and Prague

The campaign focuses mostly on children and their parents and intergenerational communication of the online risks: **“When buying to your children smart gadget, provide them also with information how to use it in a safe way”**.

Presentation of the online threats to the public (cyberbullying, cybergrooming, safe use of mobile phones, on-line banking, on-line commerce, personal data protection, sexting).
